MEMORANDUM FOR: Chief, Position Management and
Compensation Division, OP/DDA

ATTENTION: Chief, DS&T Branch, PMCD

THROUGH: Director, Foreign Broadcast Information Service

FROM:
Chief, Personnel and Training Branch

SUBJECT: Deletion of Position HK-938 - Radio Technician and
Change the Planned Incumbency of Position HK-937 -
Electronic Technician From Limited 1 to Flexible 2,
Seoul Bureau

STAT

It is requested that position HD-938-Radio Technician in Seoul Bureau be deleted from the FBIS Staffing Complement. This position was incorrectly identified at the time of the implementation of the FBN system in November 1983. The present incumbent of this position is a fully qualified Electronic Technician and performs all duties and responsibilities as demanded by FBN standard for an FBN-08 Electronic Technician position. Seoul Bureau does not require an FBN-06 Radio Technician or Boardman position. Consequently we would like to assign the incumbent of HK-938 to position HK-937. Therefore we request that position HK-937 be changed from a limited 1 planned incumbency to a flexible 2 position.
